

Python Programming Brochure

Contents:

- **Introduction to Python**
- **History of Python**
- **Installation**
 - Code Editor
 - PyCharm
 - Anaconda
 - Spider
- **Variable**
- **Keywords**
- **Naming Conventions**
- **Data Types**
 - Static vs Dynamic
 - Fundamental
 - Collections
- **String**
- **List**
- **Tuple**
- **Dictionary**
- **Set**
- **Type Casting**
- **Operators**
 - Arithmetic operators
 - Assignment operators
 - Comparison operators
 - Logical operators
 - Identity operators
 - Membership operators
 - Bitwise operators

- **Decision Controls**
 - If
 - Nested IF-Else
 - While Loop
 - For Loop
- **POP Concepts**
- **OOPs Concepts**
 - Class & Objects
 - Encapsulation
 - Abstraction
 - Inheritance
 - Polymorphism
- **Comments**
- **Scope**
- **Functions**
- **Lambda Functions**
- **Iterators**
- **Date**
- **Array**
- **Modules**
- **Multithreading**
- **Exceptional Handling**
- **PIP**
- **Data Analytics**
 - Numpy
 - Pandas
 - Matplotlib
 - Seaborn
- **Personal Branding**
 - LinkedIn
 - Naukri.Com

- **Interview Preparation**

- Resume Building
- Mock Interviews
